"Website for Notices" means the Website for Notices as specified in § 1 of the Product and Underlying Data.

§ 2

Interest, Additional Amount

- (1) *Interest*: The Securities do not bear interest.
- (2) *Additional Unconditional Amount (I)*: The respective Additional Unconditional Amount (I) will be paid on the respective Additional Unconditional Amount Payment Date (I) pursuant to the provisions of § 6 of the Special Conditions.

§ 3

Redemption

Redemption: The Securities shall be redeemed either

- (i) if R (final) is equal to or greater than the Strike, by payment of the Redemption Amount on the Final Payment Date pursuant to the provisions of § 6 of the Special Conditions, or
- (ii) if R (final) is lower than the Strike by delivery of the Underlying in a quantity expressed by the Ratio per Security. If the Ratio leads to a fraction of the Underlying, a cash amount expressed in the Specified Currency will be paid instead in the amount of the value of the fraction of the Underlying (the "**Supplemental Cash Amount**") which is calculated from Reference Price on the Final Observation Date multiplied by the fraction of the Underlying.

§ 4

Redemption Amount

Redemption Amount: The Redemption Amount corresponds to an amount in the Specified Currency calculated or specified by the Calculation Agent as follows:

The Redemption Amount corresponds to the Nominal Amount.

§ 5

Issuer's Extraordinary Call Right

Issuer's extraordinary call right: Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time indicated in the notice. The application of §§ 313, 314 BGB remains reserved.

The "**Cancellation Amount**" shall be the fair market value of the Securities as of first Banking Day before the extraordinary call becomes effective, determined by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB) under then prevailing circumstances.

The determination of the fair market value is based on the economic equivalent of the Issuer's payment obligations to the Security Holders consistent with the provisions for the redemption profile, interest or

other additional amounts of the Securities that would otherwise be due after the day on which the extraordinary call becomes effective and which is adjusted for taking into consideration the following parameters as of first Banking Day before the extraordinary call becomes effective: the price of the Underlying, the remaining time to maturity, the estimated volatility, the expected dividends (if applicable), the current market interest rate as well as the interest spread associated with the credit default risk of the Issuer and any other relevant market parameter that can influence the value of the Securities. The Cancellation Amount will be paid within five Banking Days following the date as of which the extraordinary call becomes effective, or at the date specified in the above mentioned notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

§ 6

Payments, Deliveries

- (1) *Rounding:* The amounts payable under the Terms and Conditions shall be rounded up or down to the nearest EUR 0.01, with EUR 0.005 being rounded upwards.
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.
- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).
- (5) *Delivery:* The Delivery of the Underlying and the payment of a Supplemental Cash Amount shall be made within five Banking Days after the Final Payment Date (the "**Delivery Period**") to the Clearing System for credit to the accounts of the relevant depository banks of the Security Holders. All costs, incl. possible custody fees, exchange turnover taxes, stamp taxes, transaction fees, other taxes or levies (together the "**Delivery Costs**"), incurred as a result of the delivery of the Underlying, shall be borne by the respective Security Holder. Subject to the provisions of the Terms and Conditions, the Underlying shall be delivered at the Security Holder's own risk. If the Final Payment Date of a delivery or payment is not a Banking Day, such delivery or payment shall be made on the next following Banking Day. Such delay will not constitute any entitlement to interest or other payments. The Issuer shall not be obliged to forward to the Security Holders any notifications or documents of the issuer of the Underlying that were provided to the Issuer prior to such delivery of the Underlying, even if such notifications or other documents refer to events that occurred after delivery of the Underlying. During the Delivery Period the Issuer shall not be obliged to exercise any rights under the Underlying.
- (6) *Transaction Disturbance:* If, as determined by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB), a Fund Delivery Disturbance Event or another event outside of the Issuer's

control, which results in the Issuer not being able to deliver the Underlying pursuant to the Terms and Conditions (a "**Transaction Disturbance**") and this Transaction Disturbance has occurred prior to delivery of the Underlying and continues to exist on the Final Payment Date, then the first day of the Delivery Period shall be postponed to the next Banking Day, on which no Transaction Disturbance exists. The Security Holders shall be notified accordingly pursuant to § 6 of the General Conditions. The Security Holders shall not be entitled to interest payment or other amounts, if a delay in the delivery of the Underlying occurs in accordance with this paragraph. The Issuer shall not be liable in this respect. In the event of a Transaction Disturbance, the Securities may, in its reasonable discretion (§ 315 et seq. BGB) of the Issuer and the Calculation Agent be redeemed at the Cash Value of the Redemption Price. The "**Cash Value of the Redemption Price**" is an amount determined by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB) on the basis of the NAV of the Underlying on the Final Observation Date if subscriptions and redemptions may take place at this NAV or, otherwise, an amount determined by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB).

§ 7

Market Disruptions

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on an Observation Date, the respective Observation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Observation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than 8 consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 et seq. BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions. Such Reference Price shall be determined in accordance with prevailing market conditions at 10:00 a.m. (Munich local time) on this 9th Banking Day, taking into account the financial position of the Security Holders.

§ 8

Adjustments, Type of Adjustment, Replacement Specification, Notifications, Legal Provisions

- (1) *Adjustments:* If an Adjustment Event occurs the Calculation Agent is authorised to adjust the Terms and Conditions (the "**Adjustment**"); whether an Adjustment is to be made shall be determined by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB).

The goal of the Adjustment is to appropriately consider the economic impact of the circumstance that triggered the Adjustment Event, so that the economic characteristics of the Securities remain as unchanged as possible, taking into account the interests of the Security Holders as well as the Issuer ("**Adjustment Goal**"). A subsequent adverse change of the value of the Securities resulting from the Adjustment cannot be ruled out.

The Calculation Agent determines all Adjustments according to this § 8 in its reasonable discretion (§ 315 et seq. BGB) taking into account the Adjustment Goal. It will only make an Adjustment if such Adjustment is reasonable for the Security Holders as well as for the Issuer; whether this is the case shall be determined by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB).

Within the context of an Adjustment the Calculation Agent proceeds as follows:

- (a) *Adjustment in accordance with the Determining Futures Exchange:* In general, the Calculation Agent will undertake the Adjustment in terms of content and timing in a way that to the greatest extent matches the designated adjustment provided by the Determining Futures Exchange regarding the Underlying Linked Derivatives. The Calculation Agent is, however, also authorised to make an Adjustment if there is no adjustment made to the Underlying Linked Derivatives by the Determining Future Exchange. In this case the Calculation Agent will make the Adjustment, if any, in accordance with the rulebook of the Determining Futures Exchange with respect to the Underlying Linked Derivatives.
- (b) *Deviating Adjustments:* In the following cases in particular the Calculation Agent is authorised to make Adjustments deviating from the adjustments made by the Determining Futures Exchange in order to take into account the Adjustment Goal in an appropriate manner:
 - (i) The adjustment envisaged by the Determining Futures Exchange regarding the Underlying Linked Derivatives is impossible for the Issuer or the Calculation Agent or technically not feasible within reasonable economic efforts; whether this is the case shall be determined by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB);
 - (ii) The adjustment envisaged by the Determining Futures Exchange regarding the Underlying Linked Derivatives is unreasonable for Securities Holders, the Calculation Agent or the Issuer (i.e. because the Issuer would have to breach internal trading restrictions in order to hedge its payment obligations under the Securities); whether this is the case shall be determined by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB); or
 - (iii) The adjustment envisaged by the Determining Futures Exchange regarding the Underlying Linked Derivatives is not suitable to meet the Adjustment Goal; whether this is the case shall be determined by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB).
- (2) *Type of Adjustment:* In the context of an Adjustment the Calculation Agent may undertake in particular the following measures in accordance with paragraph (1) above:
 - (a) *Adjustment of Adjustable Product Data:* The Calculation Agent may redefine the Adjustable Product Data based on an adjustment factor (e.g. in case of a split or a merger of Fund Shares).
 - (b) *Successor Fund:* If the Fund is replaced by a Successor Fund, all calculations or determinations described in the Terms and Conditions shall be made on the basis of the successor fund. In such case, any reference in the Terms and Conditions to the Fund shall be deemed to be a reference to the Successor Fund. If necessary, the Calculation Agent is also entitled to adjust the Product and Underlying Data against the background of the changed Underlying and the associated economic impact.
- (3) *Replacement of the Underlying:* If a Fund Replacement Event occurs, the Calculation Agent may replace the Underlying with a Replacement Underlying and if necessary redefine the Adjustable Product Data based on the adjusted Underlying and the associated economic effects. As a "**Replacement Underlying**" another fund (or the corresponding shares) or fund share can be considered which is comparable to the original Underlying or the corresponding Funds in terms of its risk profile, investment objectives, investment strategy, currency of the Fund Shares and calculation

frequency of the NAV; whether this is the case shall be determined by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB). The economic characteristics of the Securities shall remain as unchanged as possible, taking into account the interests of the Security Holders as well as the Issuer. The Calculation Agent will only make a replacement if the replacement is reasonable for the Security Holders as well as the Issuer; whether this is the case shall be determined by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB).

If the Calculation Agent designates a Replacement Underlying, from the adjustment date on (as defined in paragraph (5) below), every reference to the Underlying in the Terms and Conditions shall be a reference to the Replacement Underlying, unless the context requires otherwise.

- (4) *Replacement Specification:* If a NAV, as used by the Calculation Agent pursuant to the Terms and Conditions, is subsequently corrected and the correction (the "**Corrected Value**") is published by the Management Company after the original publication but prior to the Final Payment Date, then the Calculation Agent will notify the Issuer of the Corrected Value without undue delay and shall specify the relevant value again using the Corrected Value (the "**Replacement Specification**") and publish it pursuant to § 6 of the General Conditions. However, if the Calculation Agent is informed of the Corrected Value less than two Banking Days prior to the date on which a payment whose amount is determined wholly or partly with reference to this price of the Underlying is to be made, then the relevant value will not be specified again.
- (5) *Notifications:* All Adjustments as described in this § 8 and undertaken by the Calculation Agent as well as the designation of the time of the first application (the "**Adjustment Date**") take place by notification of the Securities Holders according to § 6 of the General Conditions. Hereby reference is made to the aforementioned notifications.
- (6) *Legal Provisions:* The application of §§ 313, 314 BGB remains reserved.

What are the key risks that are specific to the Issuer?

Risks related to the Issuer's financial situation: Risk that HVB Group will not be able to meet its payment obligations on time or in full or to obtain sufficient liquidity when required as well as that liquidity will only be available at higher interest rates, and the risk that the bank will only be able to liquidate assets on the market at a discount could create liquidity problems for HVB Group and thus could result in a limited ability to fund its activities and meet its minimum liquidity requirements.

Risks related to the Issuer's specific business activities: Risks arising from the normal business activities of HVB Group, which involve credit risk in the lending business, market risk in the trading business as well as risks from other business activities such as the real estate business activities of HVB Group could have an adverse impact on HVB Group's operating results, its assets and its financial situation.

General risks related to the Issuer's business operations: Risks from inadequate or failed internal processes, systems and people or from external events, risks caused by adverse reactions of stakeholders due to their altered perception of the bank, risks from unexpected adverse changes in the future earnings of the bank as well as risks from concentrations of risk and/or earnings positions could result in financial losses, a downgrade of HVB's rating and an increase in the business risk of the HVB Group.

Legal and regulatory risk: Changes of the regulatory and statutory environment of HVB could result in higher capital costs and a rise of costs for the implementation of regulatory requirements. In cases of non-compliance with regulatory requirements, (tax) laws, regulations, statutory provisions, agreements, mandatory practices and ethical standards, the public perception of HVB Group as well as its earnings and financial situation could be negatively affected.

Strategic and macroeconomic risk: Risks resulting from management either not recognising early enough or not correctly assessing significant developments or trends in the bank's environment and risks arising from negative economic developments in Germany and on the international financial and capital markets could have a negative effect on the assets, liabilities, financial position and profit or loss of HVB Group. In particular, the consequences of the Russian-Ukrainian conflict, a strong rise in energy costs and raw material prices, severe supply bottlenecks and further political uncertainties such as the tensions between the US and China about trade and Taiwan could lead to a more severe slowdown. In addition, if any of the aforementioned risks materialises, turbulence could occur on financial and capital markets.

the Securities upon the occurrence of certain Call Events (for example, if a Change in Law occurs or no Replacement Management Company is available).

Adjustment right: The Terms and Conditions of the Securities may be adjusted by the Calculation Agent if an Adjustment Event occurs (for example, changes are made with respect to the Underlying which affect the ability of the Issuer to hedge its obligations under the Securities).

Status of the Securities: The obligations under the Securities constitute direct and unsecured obligations of the Issuer and rank *pari passu* with all other unsecured and unsubordinated obligations of the Issuer. What are the key risks that are specific to the Securities?

The specific risk factors related to the Securities, which in the view of the Issuer are material, are described below:

Risk related to the rank and characteristic of the Securities in the case of a failure of the Issuer: The Security Holders bear the risk of the insolvency of the Issuer. Moreover, Security Holders may become subject to resolution measures in relation to the Issuer if the Issuer is failing or likely to fail.

Specific Risks related to the payment profile of the Securities: There is the particular risk that the price of the Underlying falls and consequently the Security Holder will suffer a significant loss of his invested capital. A total loss is possible. Falling prices of the Underlying will have a negative impact on the Security Holder, especially if the price falls below the Strike.

Risks relating to Securities with physical delivery: The risk of price losses of the Underlying does not end with its delivery but only with its disposal by the Security Holder. There is no automatic disposal of the delivered quantity of the Underlying.

Risks arising from the Terms and Conditions of the Securities: The Security Holders bear a risk of loss if the Securities are terminated by the Issuer. The Securities will then be redeemed at their fair market value of the Securities. This may be lower than the amount that the Security Holder would have received if there had been no extraordinary termination of the Securities. In addition, Security Holders bear a reinvestment risk. Moreover, the Security Holders bear a risk of loss if an adjustment of the Terms and Conditions is made or if a market disruption occurs.

Risks related to the investment in, the holding and selling of the Securities: The Security Holders bear the risk that the market price of the Securities may be subject to severe fluctuations during the term of Securities and that the Security Holder is not able to purchase or to sell the Securities at a specific time or for a specific price.

Risks related to Fund Shares as Underlying: The Securities are associated with similar risks for the Security Holders as in case of a direct investment in the fund shares specified as Underlying. In particular, the investment activity of the investment fund can have a material adverse effect on the price of the relevant fund shares for the Security Holder.

Aké sú kľúčové riziká špecifické pre Emitenta?

Riziká vzťahujúce sa na finančnú situáciu Emitenta: Riziko, že skupina HVB Group nebude schopná plniť svoje platobné záväzky v riadnych termínoch splatnosti alebo v plnej výške alebo získať dostatočnú likviditu, ak sa to bude požadovať alebo likvidita bude k dispozícii iba s vyššími úrokovými sadzbami a riziko že banka bude môcť speňažiť majetok na trhu za zníženu sumu môže spôsobiť problém likvidity pre skupinu HVB a navyše môže vyústiť do obmedzenej schopnosti financovania jej činnosti a splniť požiadavky minimálnej likvidity.

Riziká vzťahujúce sa na povahu podnikania Emitenta: Riziká vznikajúce z bežných obchodných činností skupiny HVB, ktoré zahŕňajú kreditné riziko v úverovej činnosti, trhové riziko z obchodnej činnosti ako aj riziká z ďalších obchodných činností, akými sú činnosti v oblasti nehnuteľností skupiny HVB môžu mať nepriaznivý vplyv na prevádzkové výsledky skupiny HVB, jej aktíva a jej finančnú situáciu.

Všeobecné riziká súvisiace s obchodnými činnosťami Emitenta: Riziká vyplývajúce z neprimeraných alebo zlyhaných interných procesov, systémov a ľudí alebo z externých udalostí, riziká spôsobené nepriaznivými reakciami zainteresovaných strán v dôsledku ich pozmeneného vnímania a riziká z neočakávaných nepriaznivých zmien v budúcich výnosoch banky, ako

aj riziká spojené s koncentráciou rizikových a / alebo výnosových pozícií by mohli mať za následok finančné straty, zníženie ratingu HVB a zvýšenie obchodného rizika skupiny HVB.

Právne a regulačné riziko: Zmeny regulačného a zákonného prostredia HVB by mohli viesť k vyšším kapitálovým nákladom a zvýšeniu nákladov na implementáciu regulačných požiadaviek. V prípade nedodržania regulačných požiadaviek, (daňových) zákonov, právnych predpisov, zákonných ustanovení, dohôd, záväzných postupov a etických štandardov by mohlo byť negatívne ovplyvnené vnímanie zo strany verejnosti skupiny HVB ako aj jej príjmy a finančná situácia.

Strategické a makroekonomické riziká: Riziká vyplývajúce z toho, že manažment nedostatočne včas rozpozná alebo nesprávne vyhodnotí významný vývoj alebo trendy v prostredí banky a riziká vyplývajúce z negatívneho hospodárskeho vývoja v Nemecku a na medzinárodných finančných a kapitálových trhoch, by mohli mať negatívny vplyv na aktíva, pasíva, finančnú pozíciu a zisk alebo stratu skupiny HVB. Predovšetkým dôsledky rusko-ukrajinského konfliktu, výrazný nárast cien energií a surovín, vážne obmedzenia v zásobovaní a ďalšie politické neistoty, ako napr. medzi USA a Čínou v oblasti obchodu a Taiwanu by mohli viesť k výraznejšiemu spomaleniu. Okrem toho, ak sa naplní niektoré z vyššie uvedených rizík, môžu nastať turbulencie na finančných a kapitálových trhoch.

Aké sú kľúčové riziká špecifické pre Cenné papiere?

Špecifické rizikové faktory spojené s Cennými papiermi, ktoré sú podľa Emitenta kľúčovými, sú uvedené nižšie:

Riziko spojené s postavením a charakteristikou Cenných papierov v prípade zlyhania Emitenta: Držiteľia cenných papierov nesú riziko platobnej neschopnosti Emitenta. Držiteľia cenných papierov môžu navyše podliehať záchranným opatreniam vo vzťahu k Emitentovi, ak Emitent zlyhá alebo je pravdepodobné, že zlyhá.

Špecifické riziká súvisiace s platobným profilom Cenných papierov: Existuje konkrétne riziko, že cena Podkladového aktíva klesne, a následne Držiteľ cenného papiera utrpí značnú stratu svojho investovaného kapitálu. Celková strata je možná. Klesajúce ceny Podkladového aktíva budú mať negatívny vplyv na Držiteľa cenného papiera, najmä ak cena klesne pod Realizačnú cenu.

Riziká týkajúce sa Cenných papierov s fyzickým doručením: Riziko cenových strát Podkladového aktíva nekončí jeho dodaním, ale iba jeho disponovaním (predajom) Držiteľom cenného papiera. Dodané množstvo Podkladového aktíva nie je automaticky predané.

Riziká vyplývajúce z podmienok Cenných papierov: Držiteľia cenných papierov znášajú riziko straty, ak Emitent zruší Cenné papiere. Cenné papiere sa potom spätne odkúpia za ich reálnu trhovú hodnotu. Táto môže byť nižšia ako suma, ktorú by Držiteľ cenných papierov získal, keby nedošlo k mimoriadnemu zrušeniu Cenných papierov. Držiteľia cenných papierov okrem toho nesú riziko reinvestovania. Držiteľia cenných papierov navyše nesú riziko straty, ak dôjde k úprave podmienok alebo ak dôjde k narušeniu trhu.

Riziká spojené s investovaním, držbou a predajom Cenných papierov: Držiteľia cenných papierov nesú riziko, že trhovú cenu Cenných papierov môže počas doby platnosti Cenných papierov podliehať výrazným výkyvom a že Držiteľ cenných papierov nie je schopný kúpy alebo predaja Cenných papierov v konkrétnom čase alebo za konkrétnu cenu.

Riziká spojené s Podielmi vo фонде ako Podkladovým aktívom: Cenné papiere sú spojené s podobnými rizikami pre Držiteľov cenných papierov ako v prípade priamej investície do Podielov vo фонде označených ako Podkladové aktíva. Konkrétne môže mať investičná činnosť investičného fondu významný nepriaznivý vplyv na cenu príslušných Podielov vo фонде pre Držiteľa cenného papiera.
